(d) maintenance of decking, patios (inclusive of, but not limited to, posts, balusters, railings, skirting, and steps), , fencing and balconies, exterior screens, shutters, chimney flues and backyards that are within an Owner's exclusive control, in a clean and sanitary condition, including but not limited to free of pests, rodents and pet waste, and in good order and repair (*provided, however*, that the Association shall retain the right to paint or repaint any decking or patios, inclusive of posts, balusters, railings, skirting, and steps, to maintain a harmonious aesthetic appearance in the Project);

(1) The Association may, in its sole and absolute discretion, allow the installation of a solar panel onto the exterior portion of an Owner's Dwelling, at the

Owner's own expense, if: (a) the Owner obtains the prior written consent and approval of the Association for the installation of the solar panel; (b) the solar panel is installed by the Association or by a third-party selected or approved by the Association; and (c) the Owner agrees in writing to assume responsibility for, and cover all of the costs associated with, the installation, maintenance, repair and replacement of the solar panel, and any damage caused to the roof and all roofing components and structure by the installation, maintenance, repair or replacement of the solar panel, and the Owner agrees in writing to pay for the removal of the solar panel(s) in the event that it inhibits the maintenance, repair, or replacement of any portion of the roof, wall or exterior portion of the Dwelling to which it is attached by the Association or another Owner. The obligations imposed on the Owner by this subsection shall also apply to any and all subsequent Owners of the Dwelling to which the solar panel is to be attached.

(2) The Association may remove, or cause to be removed at the Owner's expense, any solar panel attached to any exterior portion of any Dwelling within a Building if the Association determines that the solar panel has not been installed, maintained, repaired, replaced, or removed by the Owner of the solar panel in accordance with the provisions of this Article.

Additional Owner Covenants. The Owner shall not alter any utility lines, pipes, wires, conduits or systems that serve one or more other Dwellings. Such utilities shall not be disturbed or relocated by an Owner without the written consent and approval of the Board. Such right to repair, alter and remodel is coupled with the obligation to replace any materials removed with similar types or kinds of materials. The Owner shall also maintain the surface of the interior supporting walls, and the Association shall maintain the structural integrity of interior supporting walls. The Owners shall promptly notify the Association in writing of any structural integrity issues concerning the interior of such Owner's respective Dwelling promptly upon becoming aware of the same. If any Owner fails to promptly notify the Association in a timely manner of structural integrity issues, then such Owner may be responsible for all repair costs, as determined by the Association. An Owner shall maintain and keep in good repair the interior of his or her Dwelling, including the fixtures thereof. All fixtures and equipment installed within the Dwelling shall be maintained and kept in good repair by the Owner thereof. An Owner shall do no act and shall perform no work that will or may impair the structural soundness or integrity of the Building in which such Owner's Dwelling is located, impair any easement or hereditament, or violate any laws, ordinances, regulations and codes of the United States of America, the State of Utah, the County of Salt Lake, the City of South Jordan, or any other agency or entity which may then have jurisdiction over said Lot/Dwelling. Any expense to the Association for investigation or enforcement under this Article shall be borne by Owner if such investigation establishes a violation of this paragraph. Each Owner shall be liable to the Association or other Owners for damages to person or property in the project caused by such Owner's negligence or the negligence of the Owner's tenants, family members, guests, visitors, or invitees.

5.2 Association Responsibility Regarding Buildings and Dwellings. Except for the Owner's responsibilities set forth in this Article, the Association shall have the duty of maintaining, replacing and repairing the Buildings including, without limitation, footings

and foundations, structural components (inclusive of structural posts of any kind), roofs and common sanitary sewer laterals (if any) and other common utilities (if any). The cost of said maintenance, replacement and repair shall be assessed to all of the Owners. The Board shall not need the prior approval of the Members to cause such maintenance, replacement or repairs to be accomplished, notwithstanding the cost thereof; subject, however, to Article 10 hereof.

5.3 Maintenance of Lots. The Association shall maintain the landscaping and related improvements on the Lots, as set forth herein. The areas maintained by the Association, including the exterior of the Buildings, shall be referred to herein as the “Maintained Areas”. The Maintained Areas shall include the front lawn and front yard garden areas, excluding any of the following: stand-alone planters, window boxes, walls and enclosed areas within fences (whether or not installed by a builder or by Owner) or walls (i.e., fenced areas with a gate [whether opened, closed, locked, or unlocked] shall be deemed “enclosed” hereunder). Owners may reasonably enhance the landscaping on their Lot (if any) by planting flower bulbs or flowers; provided, however, that an Owner shall not modify any irrigation components, lines or systems.

Snow Pushing. The Association shall perform reasonable snow pushing for the common area as defined in Section 3.4, for example: common area streets, common area access ways, common area fire lanes, and common area sidewalks, driveways and driveway aprons serving multiple Lots. Owners shall be responsible for snow pushing and/or removal at all other entry points to their Lot, including without limitation patios, porches, balconies, pathways, sidewalks serving single lots, and sidewalks bordering an Owner’s Lot. Owners shall also be responsible to ensure appropriate use of snow and ice melt salts and other substances so as not to damage the concrete surfaces of streets, access ways, fire lanes, sidewalks, driveways and driveway aprons

AMENDMENT TO FORM OF BYLAWS OF THE ASSOCIATION

Article IV, Sections 3(a) and 3(b) of the Bylaws is hereby amended and restated in its entirety to read as follows:

(a) Following the termination of the Declarant Control Period, the Board shall be composed of three (3) Directors, elected by the Owners, and two (2) Directors appointed by the Declarant, but can be increased up to as many as seven (7) members upon the majority vote of the existing Board or the majority vote of the Owners at the duly called meeting of the Owners. Directors elected by the Owners are referred to hereinafter as “Owner Directors.”

(b) So long as Declarant is a member of the Association pursuant to Article III hereof, the Declarant shall be entitled to appoint, remove, and replace two Directors on the Board. Thereafter, the Directors elected by the Declarant shall resign and the remaining

Directors shall be entitled to appoint a Director to serve until the next annual meeting, at which time the Owners shall be entitled to elect a Director(s) to fill such position(s). In addition, following the Declarant Control Period, the Directors of the Board shall serve staggered, three (3)-year terms. At each annual meeting, the members, by plurality vote, shall elect an Owner Director to replace the Owner Director(s) whose terms has/have expired and all such Owner Directors shall be elected for a term of three (3) years, except that the Board shall have the right to cause an Owner Director to be elected for less than a three (3) year term if it becomes reasonably necessary to re-establish the intended staggered terms. If the Board increases the number of Directors, the newly appointed Directors shall serve until the first annual meeting after such increase, at which time the terms of the new directorships shall be designated by the Board.
