**Boat checkout begins for the 2016 season on Saturday, May 28.**

Prior to this date, residents may take their own personal watercraft on the lake as long as a 2016 permit is obtained. Permits may be obtained for a \$10 fee per boat by filling out a permit form at the DCC, showing proof of residency, and then completing a watercraft inspection at the ramp any time on Wednesdays between 5-7pm or Saturdays from 9-11am. Beginning May 28, watercraft inspections are available during regular ramp hours, seven days a week.

**Please see the watercraft use agreement form for information and rules regarding boat checkout. The Boat Ramp may be temporarily closed in the event of severe weather, thunder, lightning and for any safety concerns.**
